Practitioner Reflective Case Study

Input Record Number	015 RCS Jasveen Jairath
<p>Prioritizing water use for livelihoods through enforced restriction on over-use, mis-use, monopoly use of existing water resources. This can be done through social mobilization of deprived communities to facilitate negotiation for protecting survival, water as a non-negotiable right.</p>	

Practitioner Input – Part II

Input Record Number	015II Jasveen Jairath
9)	<ul style="list-style-type: none"><li>- Focus on field based research.</li><li>- Try to conduct action research through hands-on pilot experiments.</li><li>- Link pilot experiments to policy dialogue with local/national governments.</li></ul>
10)	Yes, through storage of rainwater for potable use that guarantees direct access and control over water by each family.
11)	Action research – hands-on pilot projects.
12)	Practical illustrative/demonstration projects such as learning tools – small-scale and intensive rather than large-scale. This is to be followed by basin/sub-basin level planning through community participation.
13)	Yes, I will dispatch it later as it is not available at hand now.
